35TH PARTNERS IN PROGRESS FEMALE SALE

WELCOME!

Cattle Friends,

After taking a year off from our annual sale, it is with thankfulness that we have the opportunity to invite you back to Wadley for our 35th Sale of Progress. As time gets away from us, we sometimes fail to stop and appreciate the many blessings of life. God sure has been faithful to our family and friends, and although some days and circumstances don't always turn out how we'd like, we put our trust in the Creator of ALL things. If you're reading this letter, just take a brief moment and give thanks for something in your life. If nothing else, it will briefly distract you from thinking about all the messes. (or the weather, or politics...)

Thank you for taking time to look through our catalog. Our 3-in-1 sale is always a joy to put together. Whether you're in the market for Herefords or Angus, or the combination of both, we feel this offering is deep. Selection criteria for our sale is usually kept very simple... Pick out cattle that we would like to buy. Visual appraisal is the basis, and then deciding if pedigrees and EPDs are appropriate and acceptable. Trends and fads are temporary, while good udders, feet and legs are primary. With the markets that we currently have in place, there is no better time to be intentional and diligent in your selection decisions. As you look through our commercial offering, you'll also see the same level of attention given towards phenotype. These females are all born and raised here, and carry the exact same influence as our purebred herd. Between the blending of our Angus and Hereford bull genetics in conjunction with the proven cow families behind them, we ultimately make commercial cattle that can excel either by maternal function or by pounds on the rail.

Thank you for your interest in our program. We know you have limitless options in this industry where you can select genetics from. We sure hope to see you in March, and bring the entire family and enjoy good food and fellowship. The cattle bring us together, but the people keep us together. Over the last year, we've shared this passage with several people. Psalms 20:7 says, "Some trust in chariots and some in horses, but we trust in the name of the Lord our God."

It's often easier to trust in doctors, medicine, technology, etc., but pure joy and peace can only be found by trust in Him. Trust that today is in His hands, just as they've been in the days before.

Sincerely,
Kyle & Jennifer

HEREFORDS • ANGUS • BALDIES

SATURDAY • MARCH 16, 2024 • NOON (EDT)
HELD AT THE FARM IN WADLEY, GEORGIA

35TH PARTNERS IN PROGRESS FEMALE SALE

TERMS & CONDITIONS

TERMS: Cash or check. Each animal to be sold to the highest bidder. The auctioneer shall settle any disputes as to bids. All cattle are to be paid for by the purchasers during or immediately after the sale and will not be released until settlement has been made. Each animal will be at the purchaser's risk immediately after the animal is sold.

Registration Certificates of the animal will be transferred to the buyer at the seller's expense. All calves born before the sale will be registered by the seller. All calves born after the sale will be registered by the buyer. Each buyer must be sure to give the clerk his proper name and address for making transfers. AI certificates will not be furnished by the seller on females carrying the service of non-owned AI sires.

EPDS: The EPDs included were current as of Feb. 5, 2024 (Hereford) and Feb. 5, 2024 (Angus). The most current information can be viewed on the individual breed websites.

HEALTH: All cattle selling will have interstate health charts required for shipping into other sections of the United States. All females who are old enough are officially calthood vaccinated.

PREGNANCY EXAMINATION INFORMATION: All cattle have been pregnancy examined by a competent veterinarian and are called safe to the AI or pasture dates as best can be determined by advanced palpitation. With respect to AI dates, they are not unconditionally guaranteed, other than the fact that they are pregnant.

BREEDING GUARANTEE: Animals sold in this sale are guaranteed by the owners to be breeders, provided they are properly handled and cared for by the purchaser. If any breeding-age animal fails to breed, the seller must be notified by October 1, 2024, otherwise the animal is no longer guaranteed in any way. If animal is in sound, healthy condition, buyer may return it to the seller who shall have six months to test it and then, if the animal proves to be a non-breeder, a satisfactory exchange will be made or purchase price refunded.

Every known blemish will be called before the animal is sold and no animal will knowingly be sold that is not sound in any way. Any changes in breeding dates will be announced sale day. Any female selling with calf at side is considered to be a breeder with no further guarantee in this regard. Cattle will sell under the suggested terms and conditions of their respective breed association, either the American Hereford Association (www.hereford.org) or the American Angus Association (www.angus.org/Pub/suggested_sale_terms.pdf).

LIABILITY: All persons who attend the sale do so at their own risk and the owners and sale manager assume no liability, legal or otherwise, for any accidents that may occur.

ANNOUNCEMENTS at the sale ring by the owners or auctioneer concerning the cattle will take precedence over

statements in the sale book.

- SELLING A PICK OF ET CALVES BY 9235 AND ELLINGSON PROLIFIC!
- Certainly, a feature this year is the opportunity to select from a set of embryo calves by the #5 cow in the breed among current dams in AHIR at the American Angus Association. Donna 9235 entered the Gillooly and Newsom program as a feature from a past Coleman female sale. Her dam, 4203 by Connealy Thunder, has generated \$687,250 in past Coleman sales. A full sister to 4203, Donna 8146, was the high-selling bred female in the 2023 Coleman Female Sale going to ZWT for \$375,000.
- Combining two standouts of the breed for \$M, Prolific and Donna 9235, look for this individual to offer breed-leading genetics for foot quality, Heifer Pregnancy and \$C.
- Calves due February 2024.

• SELLING CHOICE OF LOTS 3A, 3B OR 3C.

- Selling the choice of 3 ET heifers that uniquely combine our feature herd sire, Partisover Deep Roots, with one of the Southeast's elite daughters of SAV Rainfall. "Stormy" joined the CES and Farmington programs as the \$13,000 top-selling heifer calf of a past Dixieland Delight Sale. Excelling in both phenotype and genetically enhanced traits, she offers a unique combination of eye appeal and power. Her dam, FLY BIS 110, has been one of the top producers of sale highlights in the Tennessee River Music program.
- Deep Roots joined our program with partners, Cole Elrod and Partisover Ranch. He uniquely combines eye appeal and structural integrity into a moderate, stout package. His dam, Burgess 744, is one of the elite daughters of Resource, and Deep Roots' full sisters are must see attractions in the Partisover program.

- We purchased 261 as a heifer calf primarily for her eye appeal and femininity, but secondly for the genetic backing that she had. When you study her pedigree of legends like Payweight 1682, Hoover Dam, and Final Answer and then add one of the greatest Objective daughters to live, Primrose 7111, the odds were favorable.
- This is a gorgeous-uddered, moderate-framed, 3-year-old female that has a lot of good days in store.
- Top 10% WW, YW and SW.
- Sells with a heifer calf at side (Lot 35A) born 1/7/24 by Ingram Verdict 0674. Tattoo: A119. BW 60#.

- This high-growth daughter of Niagara stems from the Green Garden Protet family. C41 was one of the first really good donors I was able to work with when I started here in 2005.
- She is a big-footed, sound-structured female that has a look of longevity. This is a nice sale feature, especially with the Prolific heifer calf at side. U122's dam was a favorite in our 2021 sale going to our dear friends at Pilgrim Angus with heifer calf going to Farmington Angus for a combined value of \$10,000.
- Balanced genetic profile with Top 15% SF, \$B, and \$C

- Stemming from one of the all-time, high income-producing cow families in the Smith program, W151 carries on a great tradition of cow power and maternal excellence. We sold her dam, N14, as a heifer calf to Horstman Cattle and I regretted it so much that I bought her back a year later, and she became a donor for Jennifer and I.
- Her granddam Barbara 4417, was the \$24,000 selection of Smith Angus in a past Three Trees sale. Southern Charm really worked well in this mating. Mark this one sale day.

- /S Arsenal 00161 has recently become one of the most influential individuals in our Hereford program. We decided Lot 101 should certainly reflect that influence and be something pretty special. Z160 is a result of an embryo mating from our friends at TRM and combines years of strict breeding at Shaw Cattle. Ask John Starnes about her dam, the \$13,500 Lady Peerless 4007B, and he remarks how she looks much younger than a 10-year-old.
- This heifer is a unique combination of Endure, Leader, Peerless and Domino genetics.
- We teamed up with Blackwater Cattle to purchase her sire, Arsenal, as the top-selling bull of the 2021 Shaw Bull Sale. His dam is the popular full sister to ST Genetics roster member, /S Mandate. A full sister to Arsenal, /S Lady Endure 0043H ET, is the \$100,000 valued donor at Tennessee River Music. Look throughout our offering at the young Arsenal genetics selling, and we think you'll want to get on board. His first daughters are just calving, and his maternal influence is evident by their udders and femininity.

- Performance and growth come from 80N, and then add the maternal power of K187 and prolific udder-producing style of E195. Not much guesswork needed here. Will be a fun one to mate this Spring.

- CPH Sunny 100W K187 has been very influential here, especially when she produced Finance R1. Take note of this donor dam that is a direct daughter, and more importantly, study the granddaughter by Houston. The Leader / K187 combination is built to produce. We decided last minute to flush W111 after we saw her Houston heifer calf.
- A full sister to W111 went to the Leinenbach program as a featured ET calf in our past sale, and another full sister raised our most powerful Arsenal heifer last year. These genetics don't fail.

- Again, we talk a lot about udder design here, and no female has left a legacy of maternal strength quite like that of CES Bloom 145R H100. Purchased by our good friend Bob Neligan, he incorporated her into his donor program with prolific success. We brought her back to CES to pursue more genetic progress before her untimely death. Lot 112 is a result of that success.
- Her dam, X75, was a part of a great flush by Endure. This Houston heifer is powerful! Beautiful muscle expression, deep quartered, great bonework.

- Young pair of intriguing Julia females that bring together pigment and eye appeal. The dam of this Frontier daughter went to Parker Bros. in a past sale and stems from one of the most appealing daughters of E195 that we ever produced, N6.
- W28's heifer calf is a red-eyed beauty. Just an end of November Arsenal heifer that could become very valuable in the next couple of years.
- She sells with a heifer calf at side (Lot 116A) born 11/30/23 by /S Arsenal 00161. Tattoo: A72. Reg. No. 44529784.

- Diana Kate informed me that her show heifer was not available for sale. I told her I was just taking her picture for the catalog. However, we do have a very unique set of full sisters to choose from. The dam of Lots 117A-117C was purchased from the Walker program and got flushed as a 2-year-old. The Final Test daughters have been sought after, and we know a lot about her bottom pedigree. Stems from a Keynote granddaughter that sold to Belle Meadow Farm and backed by tremendous cow-makers like 103T and Farley.
- After asking Locke and Carter St. John about their Genesis son, Defiance, we thought he'd be a good fit and produce cattle that will rank in the Top 2% WW & YW and 7% SCHB.
- Juniors pay attention to this choice lot.

- These full sisters are all unique in their structure and build. Style mixed in with top and rear dimension. These three heifers, I think, will all compete as show heifers, yet their long-term value is very intriguing as well. The Final Test daughters have neat, tight udders and we just calved a daughter that's a maternal sister to Lot 113 and she's special. Look for these heifers to get better each day. 9247 is long bodied, straight lined, and Defiance gave her a shot of power.

- One of my favorite cows in the sale. T5 was part of super flush of Heavy Duty daughters, and she just seems to get better every year. Her dam, N132, sold to Lewis Polled Herefords in Louisiana and was out of our Colossal bull that added power and muscle to offspring. Beautifully balanced, feminine, and good udder. Make note that this power cow is raising an Arsenal heifer calf, Lot 121A, that could be better than her someday. Special pair of females.

- One of the top young cows of this year's group is this beautifully designed, good-uddered daughter of Red Power 456B that was purchased from Fred McMurry in Montana. Stemming from a 4013 that was raised by Whitehawk, this young female is worthy of an embryo program. If it weren't for her Arsenal daughter in our replacement pen, she'd probably be staying. - The only direct daughter of the offering by 4013, this young gal is backed by proven genetics for growth and added carcass value. The maternal advantages stem far back to a 4009 daughter from here, Z148, that Forrest Polled Herefords had great success with. Her Arsenal bull calf will offer some outcross to an already stellar pedigree. Top 2% WW, Top 3% YW and Marb.

- A nice Finance daughter to conclude with. R1 combines our sire selection from the Star Lake Dispersion, Burst The Bank, with the famous Sunny K187; his pigment, disposition and dimension gets passed down to every generation. The dam of T149 descends from a show heifer that Jennifer purchased from our friend in Kansas, Margarete Riffel, 20 years ago.

- I'll say it again, stock up on these cows due to Arsenal.
